Uluru (Ayers Rock) Day Tour

(ex Alice Springs)

Tour Code: AYR1

Departures: Daily Except Xmas Day

Inclusions: Return flights including in-flight catering, scenic flight of Uluru, luxury ground tours of Uluru and Kata Tjuta, lunch at Ayers Rock Resort

Description:

The flight from Alice Springs highlights the magnificence and vastness of the Australian interior. Marvel at Uluru from the air before landing at Ayers Rock airport where you transfer directly to your 4WD and personal guide for your journey out to Kata Tjuta (the Olgas) passing by the Spinifex grasslands and Mulga trees. Your first stop is at a dune lookout which puts you in touch with the environment and lets you delight in the spectacular panoramic view of Kata Tjuta (the Olgas) - a very sacred place to the Aboriginal people. Arriving at Olga Gorge, we walk into this mystic place, to hear how it has evolved over millions of years.

After exploring the area we leave the sheer red walls and head to Ayers Rock Resort for lunch.

When we arrive at Uluru a short walk will bring you close to this wonderful and powerful place. View rock art, waterholes and appreciate the unique flora and fauna of Uluru. But most fascinating is the relationship of the Anangu people to Uluru, you will see where the people lived and carried out ceremonies. As you get back in the plane you now know that from a distance Uluru is spectacular; from close up it is powerful and deeply moving."

We depart Ayers Rock airport at sunset to enjoy an aerial tour of Uluru and Kata Tjuta in all their glory before returning to Alice Springs. (Itinerary may vary depending on seasonality)
