

# THE SKY'S THE LIMIT..

PHILLIP ISLAND NATURE PARK & FAIRY PENGUINS TOUR

## PHILLIP ISLAND NATURE PARK & FAIRY PENGUINS TOUR

### Phillip Island Tour Day / Evening

**Tour Code:** PEN1

**Departures:** Daily except Christmas Day

**Inclusions:** Hotel transfers, return flights, park entry fees, ground tour and dinner.

#### Description:

Phillip Island is only a 30 minute flight from Melbourne. Upon Landing we transfer to our executive ground transport for a short drive to the Phillip Island Nature Reserve to experience an up-close and intimate experience with some of Australia's native animals. We mingle with wombats, koalas, wallabies, Tasmanian Devils, native birds and even hand feed some Kangaroos.

From here we travel to see the worlds famous Fairy Penguins, the smallest penguin in the world and only found in the Southern Hemisphere, make their daily journey from the surf to their homes burrowed in the sand dunes.

Before our flight home we enjoy a sumptuous 2 course dinner with our guide at a world renowned restaurant before. (Timings may vary slightly depending on the season)
