Description:

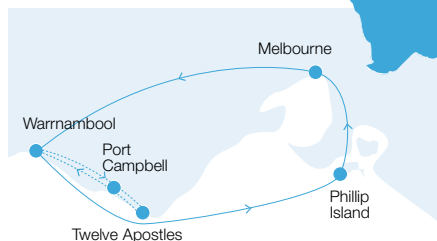

The Great Ocean Road is said to be one of the most magnificent seascapes in the world. Our day tour offers the best in both air touring and ground touring enabling the client to see all this beautiful coastline has to offer from both the air and the ground all in a single day.

After a complimentary hotel transfer board our executive aircraft for a 50 minutes flight to Warrnambool.

Here we transfer to our limousine with a local tour guide for a 5 hour tour of some of the most spectacular features of this rugged coastline, including a succulent lunch at the maritime village of Port Campbell.

Upon returning to our aircraft we then fly along the Ship Wreck coast en-route to Phillip Island at low level offering the best views possible and the opportunity to see from the air what you just experienced on the ground.

Upon arrival Phillip Island we transfer to our executive mini bus for the short drive to Phillip Island Nature Park to see Koalas, Wombats and Kangaroos up close. From here we travel to see the world famous Fairy Penguins, the smallest penguin in the world and found only in the Southern Hemisphere, make their daily journey from the surf to their homes burrowed in the sand dunes. Before our flight home we enjoy a sumptuous 2 course dinner at a local restaurant overlooking the ocean. (Timings may vary depending on season).
